    - 5.3.3.** He hopes that this will lead to a shared long-term vision, to develop the BNVH and "Green Corridor" as a coherent and coordinated plan for the centre of the village, to best use the public money that will be invested by each party.
- 6. Planning Applications**
  - 6.1.** The Council considered the following applications:

Reference Number: 20/01255/D6A  
Application Address: The Vine House, Bailbrook Lane, Lower Swainswick, Bath, BA1 7AB  
Proposal: Discharge of S106 obligations - Schedule 1 and 2 attached to planning permission 10/01067/FUL.  
Name of Applicant: Mr A Mercer                      Case Officer: Trudy Gallagher

Councillors expressed concern that this application comes after over 12 years of development and there have been a number of applications and developments to this and related properties over this period which substantively change the original plans and undertakings.

Council felt quite strongly that it was important to set this application in the broad context of all of these incremental changes, ideally by asking for a new “master plan” which consolidates all of these changes and sets out the future intentions as compared to the original plans and undertakings

In that context, Councillors took the view that although this application is to discharge S106 obligations, it should be seen as being effectively a planning application for a new build, of either Vine House or Bath Springs.

This will allow the planning process to be carried out in a clear and transparent manner, in accordance with current planning policies.

It was also noted that there are a number of errors in the application (we can provide details) that hamper proper evaluation and should be corrected before the application progresses.

**It was resolved to oppose** this Planning Application on the basis of these concerns.
