

Dear Sarah,

We have received an application to name a new development off Northend as "Hawkers Yard". A location plan is attached.

As we consult with parish councils about the suitability of new street names, I am forwarding this to you for Batheaston Parish Council to express its views.

The parish council may:

- Approve the proposed name or
- Suggest an amendment to the proposed name or
- Suggest an alternative name, with reasons why they think it is more suitable

I also attach a copy of our current guidelines for choice of names, in case they are needed.

If possible, can you let me know the likely timescale that the parish council will need for this to be considered?

Best wishes

Martin
