

Introduction

The Council maintains 17 streetlights in the Parish. The biggest cluster of these lights the paths around the Playground, Scout Hut and open ground between School Lane and the Elmhurst Estate. It is a much-used thoroughfare, including by many children during the day and into the evenings.

Two of these lights have failed, and – following investigation by BANES Council specialists and their contractor Volker Highways – this has established that 4 of the 7 lights need to be replaced in their entirety (including the columns themselves).

At its meeting of 14th October, Council approved a motion for investment of up to £2,500 to undertake this work, but the cost has proved to be higher, at nearly £5,000.

The Clerk has asked Volker Highways to schedule this work to be done as soon as possible, , in anticipation of approval.

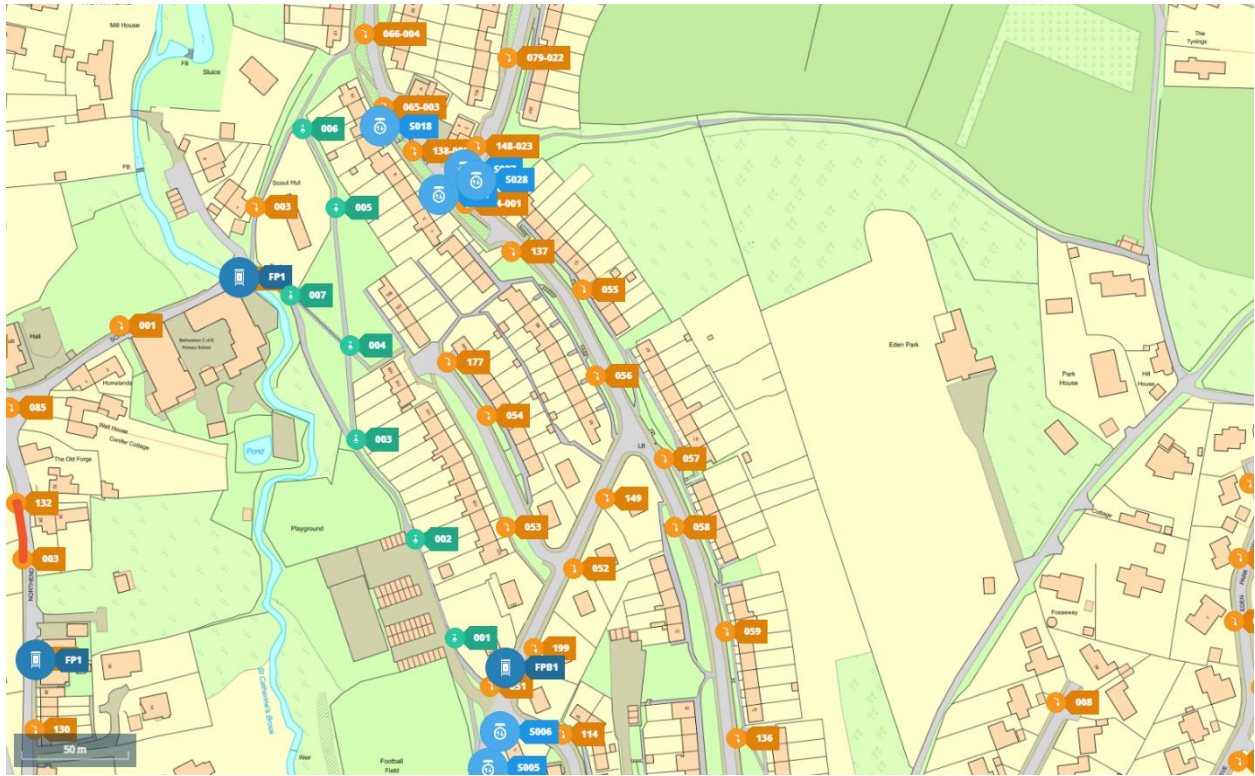

Detail

The details of the work to be done are below. Refer to the map for locations.

Light	Notes	Cost
Replace Column 1 for 6mtr Post top/TRT Aspect Mini set at 18w-	Unable to remove door at time of visit	If SWA supply £945.80 If WPD Supply £1365.11
